Notice : Change of inner packaging for TPC products (No logo)

Issued on November 17th, 2020

Dear Sir,

We hereby informed you that inner packaging for TPC products will be changed as below. As you can see from the below image, TPC logo on the inner packaging vinyl will be removed and we would like to use the clear vinyl packaging(Without TPC logo) instead. By eliminating the laser printing process for this logo on the inner packaging, we can secure higher efficiency for recycling.

Before	After (Improved)
	
With TPC Logo on the inner packaging vinyl	Without TPC Logo on the inner packaging vinyl

We will apply this change for the future production batch and there are some stocks which were already packed with previous inner packaging with TPC logo in our warehouse, so it won't be changed at once.

If you have any questions for this change, please let me know.

Yours faithfully,

TANHAY CORPORATION,

JAE WOONG UHM / Vice Chairman
